TUESDAY, JULY 13. 1736.

No. 326.

Yesterday arrived a Mail from Holland, which brought the Conclusion of the Grand Vizier's Letter to the States General, as follows, viz.

HE Accounts sent from Asoph to the Sublime Porte, say, they have received several Letters from the Generals commanding on the Frontiers of Russia, importing, that with regard to the perpetual Peace which subsisted between the Czarina and this illustrious Empire,

their Sovereign had not neglected to give Orders for a proper Deportment in all Respects, which might preserve a reciprocal Peace and Tranquility. But while we continued with Sincerity to give the publick Marks of an amicable Intelligence, it happened on the 20th Day of the Moon Selkade, (i. e. on the 30th of March last) that some Muscovite Troops came in a hostile Manner, and fell on poor Innocent People, who thought themselves safe, immediately over-run them, and so cruelly treated them, that many of them lost their Lives. The poor Wretches were plunder'd of all they had, deprived of all Means of Subsistence, and a great many Women and Children carried into Slavery; after which the Place was besieged.

All these things having been made known to the Ambassadors and Residents of our Friends at the Sublime Porte, and they being put in Mind also of the deceitful Answer given from time to time, they were all to the last degree astonished, especially at such Proceedings which may be look'd upon as publick Robberies, and as Actions contrary to all manner of Right and Equity, as well as directly opposite to all the Rules of Religion.

And forasmuch as the Answers given antecedent to this, were look'd upon as wounding the Dignity of the chief Ministers, and in particular those of the Mediatorial Powers, who all made Complaints of it, an Assembly was thereupon convened of the Sages and Doctors of the Law, (whose Number, may it please the Almighty to increase till the Day of Judgment) and being desir'd to give their Opinion upon the State of Affairs, they all answer'd, and gave it as their unanimous Opinion, that such as without any previous Declaration, proceed to a Rupture and commit Damages on the Mussulmen Frontiers, are not only the Cause of the Blood spilt, and the Oppressions suffered by the poor Servants of God; but also that they who act in this Manner, deserve total Destruction, according to the Demands of the Divine Justice, and the Prescription of the Laws; that by consequence the Mussulmen may wash their Hands of the Blood that shall be shed, and that none ought to be blam'd for it, but those who have given the Occasion.

The Emperor of the Mussulmen (whom God preserve to the Day of Judgment) and all the Mahometans, being thereby oblig'd to prepare for so considerable a War against the Unbelievers, and having upon this Account call'd the Chiefs of the Militia, and other well-affected Subjects of the Empire, who relying all upon the Divine Justice, publicly implore the Assistance of that God who orders the Punishment of the Wicked, it was resolv'd to declare War against the Muscovites.

And forasmuch as Necessity also obliges us to acquaint our Friends, that this illustrious Empire is the Party offended and attack'd, and that the contrary Party is the Aggressor, and as it has been the Custom, Time out of Mind, for your High Mightinesses to interest yourselves in Affairs of sincere Friendship and Mediation, it has been thought proper to give your High Mightinesses special Advice of the Situation of Affairs, to the End that you may be inform'd of what has pass'd between the Parties, and at the same Time to shew what Consequence may be expected hereafter, from such Mediations as may have regard to such Infringers of Treaties, in case any new Occasions should offer of restoring Peace among the Powers at War. And since the Conduct of the Sublime Porte, at this Juncture, is conformable to the Laws of Reason, this present amicable Letter,

on our Part, is sent to your High Mightinesses, to the End that, when you are inform'd of the State of Affairs, you may deliberate thereupon, and, as we hope, make that proper Provision that ought to be expected from your Regard for the Laws of Friendship and Sincerity establish'd between us. For the rest, may Peace reign over all the Subjects of the Creator.

From the City of Constantinople, committed to our Care. Sign'd, the poor Servant of God,

MEHEMMED.

The Reader will observe, that there's a very great Difference between the foregoing Piece, in which there are so many Invektives against the Court of Russia, and the Letter which the Count d'Osterman wrote to the Grand Vizier, wherein the Facts are laid down with that Moderation and Candor which form the Character of Truth and Justice.

Edinburgh, July 6. Yesterday John Porteous, late one of the Captains of the City-Guard, was brought from Prison to the Bar of the High Court of Judiciary, when the Indictment against him was read, setting forth, *inter alia*, That on the 14th of April, he, in the Course of Rotation with the other Officers of that Corps, commanded a Body of about 70 Men, at the Execution of Andrew Wilson; after the said Wilson had hang'd till he was dead, he, without any just Cause or necessary Occasion, ordered his Men to fire among a Crowd of People innocently and lawfully assembled; and some of his Guard having fired (as he apprehended) over the Heads of the Multitude, he, with Threats and Imprecations, call'd, *Lower your Pieces and be damn'd!* That he, levelling his own Piece at Charles Husband, most wickedly and murderously fired at him, whereby he received four Wounds, of which he died on the Spot: That in the Street call'd *the Bow*, he ordered his Men to face about and fire, without any just Cause or Occasion, and also fired again himself there. To all which, and the other Facts therein set forth, he pleaded Not Guilty, and put himself upon Trial. Then, after Pleadings by his Majesty's Advocate and Solicitor, Mr. Hugh Murray-Kinnymount, and Mr. Patrick Haldane, on the Part of the Indictment; and by Mr. Alexander Lockheart, Mr. Henry Home, and Mr. James Graham of Douglass, upon the Relevance and Exculpation, Parties were appointed to give in Informations, for the Indictment on Friday next, and for the Pannel this Day se'nnight; and adjourn'd to Friday se'nnight.

Bristol, July 10. On Wednesday were committed to Newgate, John Vernon alias Long Jack, Benjamin Fletcher alias Morgan, and Richard Gowing alias Livings, charg'd with Burglary and divers Felonies in this City. The said Vernon, since his Confinement, hath confess'd the following Robberies. That about a Month ago, he, in Company with Gowing, between 12 and 1 o'Clock in the Midnight, did break open the Dwelling-House of the Widow Bailey, in Prince's-street, from whence they carried off several Pieces of Linnen Cheques, Shirts of the same, Handkerchiefs, Caps, and other Goods to a considerable Value, the chief Part whereof they sold to the Wife of Obadiah Gough, at the Boarded House in Kings-Wood, for about thirty Shillings (a noted Receptacle for Conscience of Thieves and their Booty). That a little Time after, they robb'd a House in the College-Green, of some Pewter, three Silver Spoons, a Six-penny Loaf, and Part of a Joint of Lamb. Also of robbing a Shop in Castle street, of one Piece of Broad Cloth; and Mr. Britain's Shop in the same Street, Shoemaker, of seven Pair of Shoes. On their second Examination last Thursday, at the Council-House, they both confess'd several other particular Robberies, and have impeach'd others of their Gang, for whom diligent Search is hourly made. They seem to behave in Newgate with much Assurance, and like Persons harden'd with a long Train of wicked Actions and desolate Life. Vernon, for his Part, frankly owns, that was he to discover all the Robberies that he hath been concern'd in for a Course of Years, it would employ his Life's Consideration to sum up the Catalogue; and says, *Let him sink or swim, he does not value it, so he hath but*

Company. — The first Discovery of those Fellows was occasion'd by Gowing's offering Part of Mrs. Atherton's Goods to Sale at one Hannah Jones's. An Advertisement was publish'd of Mrs. Atherton's House (on St. Michael's Hill) being broke open on the 3d Instant, about 2 o'Clock in the Morning, and robb'd of several Pieces of Cheque, a Piece of Holland, a Piece of Sattin, a Piece of Swan-Skin, four Cotton Gowns, a large Parcel of Printed Linnens and Cottons, several Remnants of Ticken, and some Pounds of Thread. The said Jones, who lives near the aforementioned Boarded House, suspecting the Goods were not honestly come by, at the low Price they were offer'd to her, had Gowing apprehended; upon which he impeach'd his Accomplices, and will be admitted an Evidence. Vernon was found asleep in a Cave of St. Vincent's Rocks, which they made Use of for their Magazine or Warehouse, to conceal their Plunder, and wherein was found a large Parcel of Stolen Goods. He was the first that enter'd Mrs. Atherton's House, and as he took the Goods, conveyed them to St. Michael's Church-yard, where they were guarded by Gowing, who stood Centry till the Cargo amounted to as much as they could conveniently pike off with. This is not the first Time Vernon hath been in Newgate for Felony; and since that, we hear, he was try'd at the Old-Baily, and transported; but found Means to return again.

On Friday Night, the 2d Instant, Mr. Whitehead's Insurance Office in Corn-street, was broke open at the Fore Door, suppos'd by Hand-Screws, Chisel or Iron Bar, which forced out the Staple of the Door; a Desk in the said Office was in like manner broke open, in which were several Drawers, out of one, containing several small Partitions, was taken 148l. in Money; but the Rogues were so much in Haste, and pulling the Drawer but half out, they mis'd of 100l. Bag, and several other Sums in different Parcels.

Vernon, Gowing and Morgan, deny their being concern'd in this Affair; so 'tis surmised another Gang are lurking about this City.

King's Lynn, July 6. On Saturday last the William and Sarah, Robert Saunderson, Master, laden with Coals, and coming up our Channel, struck against the Ferrer Sand and was dash'd to Pieces, by which Accident the whole Crew perish'd, except one, who saw them all expire (and the Captain, who was in the Cabin.) About Nine at Night the Master's Chest wash'd up, and gave Notice of this Misfortune.

Cromer, July 10. In the Storm of Rain and Wind this Day se'nnight, two Ships were cast away on our Coast, and another, which was a Collier, (near half a Mile distant from the Land) wreck'd; and the Men, notwithstanding all the Signals given to those on Shore of their Distress, had perish'd, if Mr. Richard Ellis, a Merchant of North-Repps, had not with singular Humanity, and as remarkable Courage, (after the Refusal of many of the common Sailors, tho' strongly importuned to undertake their Deliverance) bravely resolv'd to go in a Boat with only one Person to their Relief; and by that Means happily effected it, and brought all the Men, to the Number of 14, safe into the Harbour.

Norwich, July 10. Last Monday and Tuesday two of the Dragoons were picketed against the Weighing-House in the Hay-Market, by Order of a Court Martial.

Last Tuesday Mary Foreman, of Wotton, was committed to the Castle, by William Knyvett, Coroner, for wilfully murdering her Bastard Child. And Yesterday two Men were sent to the same Place for going about the County with a false Brief.

Yesterday about 11 in the Forenoon, Sir Charles Wager came to this City, accompanied by Sir Ackworth, and Capt. Purvis, and set out at 3 in the Afternoon, in his Way for Houghton, to visit the Rt. Hon. Sir Robert Walpole, who is now at his Seat.

A Courier arriv'd at Petersburg in 11 Days from the Camp before Asof, who brought Advice, that General Laszy had begun to bombard the Place; that the Bashaw the Commander, makes a vigorous Defence; that as often as the Russians attempt to make any Advances, they are disturb'd by the Sallies of the Garison; but that nevertheless they gain Ground every Day, and were advanced within 300 Paces of the Palisades, and that 26 Regiments, consisting of near 40,000 Men, were employ'd in the Siege. 'Tis added, that General Laszy has caus'd all the Vines about Asof to be cut down, lest when the Grapes are ripe, the Soldiers should eat too many of them, and thereby contract Surfeits and other Disorders.

They are a most Incomparable and never-failing Medicine for the immediate Relief and perfect Cure of the most confirmed ASTHMA of the longest standing:

And all Sorts of CONSUMPTIONS, even when so far advanced, as not to be cured by any other Medicine in the World.

FOR their Virtues vastly exceed any Thing that ever was published, or even known in the whole World, in the Cure of the worst Asthma's and Consumptions of all Sorts, Coughs, Colds, Catarrhs, &c.

They instantly relieve the Patient in the most suffocating Fit of an Asthma, and make a perfect Cure in a very short Time; for they gently open the Breast, and immediately give Liberty of Breathing, without danger of taking Cold; they admirably allay the Tickling, which provokes frequent Coughing, and take off the uneasy Sensation of acrimonious Humours, cleanse the small Glands, relax the Fibres, and thereby enlarge the Capacities of the Vessels; thus they regularly and quickly Cure the most obstinate Asthma of the longest standing.

They speedily and to Admiration cure all Sorts of Consumptions, Ulcers of the Lungs, &c. removing all Obstructions of the Breast, and Lungs, Hoarseness, Wheezing, Soreness, Shortness of Breath, and all the usual Symptoms which attend the Beginnings of a Consumption; and, if taken in time, will infallibly prevent one when feared. They are also exceeding nutritive and strengthening to Persons of weakly Constitutions, and have no other sensible Operation than as mentioned above.

And by Parity of Reasoning this most excellent Medicine (and well known to be) the most sovereign Remedy in the World for those troublesome spending Coughs, which many are severely troubled with Night and Morning; also for the Cough, and Hooping-Cough in Children, having cured Thousands; and are so pleasant, and so few Drops to a Dose, that Children take them with Pleasure, and without any Confinement.

In short, these unparallel'd Chymical Drops are the most infallible Remedy that ever was known (therefore they deserve the faint Efforts of any Counterfeiters or Imitators) for the Ailments above-mentioned, and allowed to be so by the most Judicious amongst the Learned in Physick; and confirmed by the largest Experience in private Practice, are therefore most for Publick Common Good.
